

# **MORATORIUM**

Issued Friday November 16th, 2018 by

**THE CANADIAN PEOPLES' UNION FREEDOM 2017, NFP INC.**

to

**REPRESENTATIVES OF THE CANADIAN PEOPLES' AS THE SOVEREIGNS**

**THE GOVERNOR GENERAL OF CANADA**

Her Excellency the Right Honourable Julie Payette

to

**THE ATTORNEY GENERAL OF CANADA**

The Honourable Jody Wilson-Raybould

and to

Blaine Higgs, Premier of New Brunswick  
Doug Ford, Premier of Ontario  
François Legault, Premier of Québec  
Stephen McNeil, Premier of Nova Scotia  
Brian Pallister, Premier of Manitoba  
John Horgan, Premier of British Columbia  
Wade MacLauchlan, Premier of Prince Edward Island  
Scott Moe, Premier of Saskatchewan  
Rachel Notley, Premier of Alberta  
Dwight Ball, Premier of Newfoundland and Labrador  
Bob McLeod, Premier of the Northwest Territories  
Sandy Silver, Premier of Yukon  
Joe Savikataaq, Premier of Nunavut

THIS MORATORIUM IS TO IMMEDIATELY SUSPEND "FINAL DECISION MAKING AUTHORITY" BY THE CANADIAN GOVERNMENT AND ALL LEVELS OF CANADIAN FEDERAL, PROVINCIAL, MUNICIPAL AND BAND COUNCIL GOVERNANCE FROM ENACTMENT OF LAWS, CARRYING ON THE MANAGEMENT OF THE CANADIAN PEOPLES AND PEOPLES ASSETS THAT MAY JEOPARDIZE CANADA'S SOVEREIGNTY, THE CANADIAN PEOPLES AND INDIGENOUS NATIONS SOVEREIGNTY AND ECONOMIC SOVEREIGNTY AND STABILITY INDEFINITELY, PENDING A PUBLIC INVESTIGATION REGARDING ACTIONS OF MISFEASANCE AND MALFEASANCE AND ACTING "ULTRA VIRES" WHICH CREATES THE COMMITTING OF ACTS OF TREASON BY LEVELS OF CANADIAN GOVERNANCE AGAINST THE CANADIAN PEOPLES AND INDIGENOUS NATIONS.

**WHEREAS;** NOTHING IN LAW SUPERSEDES THE WILL OF THE PEOPLE.

**Therefore;** all Canadian Governance levels and all within including all boards of directors and chief executive officers and governors in council are being placed on notice from acting "ultra vires" and all other regular Canadian governing activities shall proceed as usual as not to interfere with the daily management of Canadian governance as only the Canadian citizens have the right and the indigenous nations to make critical decisions that affect Canada's resources and sovereign status:

1. Federal Government
2. Provincial Government
3. Municipal governance
4. Band council governance

***Ultra vires:*** beyond one's legal power or authority

**Whereas;** our Canadian politics and our system of governance is NOT justiciable by the courts and that nothing in law supersedes the will of the people and that our self-governance and self-determination is our responsibility as the sovereign co-owners and shareholders of the crown of Canada and of our corporation sole, we as Canadian citizens have had to legally incorporate a not for profit Canadian Peoples' Union as the first of its kind in the world to bring forth our legal rights and to ensure the protection of our country and its people against the oppression of a sovereign people and country into submission without consent by our governments and governing bodies.

This moratorium and all it concerns will remain in effect indefinitely; pending further investigation and until the Canadian people are satisfied and/or have agreed to them through majority vote by the Canadian citizens as the co-owners, shareholders of the Crown of Canada via national, provincial, municipal and band referendums and to further:

1. Suspend final decision making authority in all levels of Canadian federal, provincial, municipal and indigenous nations band council governance (an arm of the existing Canadian governance system).
2. Suspend all Public Private Partnerships (PPP's) and the creation of PPP corporations.
3. Suspend all government and corporate lobbying activities.
4. Suspend the financing of the Canadian Infrastructure Bank and the borrowing of funds for Canadian infrastructure through private banking institutions and World Bank Partners.
5. Suspend commitments to the Bank of International settlements (BIS).
6. Suspend all Public Private Partnerships agreements both national, provincial and international including the private corporations access and control of Canadian citizen information.
7. Suspend all International Trade activities concerning our natural resources and lands as it places the Canadian citizens at risk of liability concerning ongoing land claims negotiations with indigenous nations.
8. Suspend all international trade agreements not yet finalized that affect Canadian natural resources and claims.
9. Suspend all Immigration and refugee agreements.
10. Suspend all activities where ministers and governance representatives of our public assets and interests to participate on boards or committees that can inadvertently cause conflict of interest such as the Canadian Council of Chief executives and the Canadian Council of public private partnerships.
11. Suspend all agreements made with the international labour organization as it affects all Canadian employees.
12. Suspend military funding to international military projects.

13. Suspend funding to private corporations and private bank bailouts.
14. Suspend all international laws that affect Canadians and indigenous nations have not been consented to through majority consensus.
15. Suspend all laws coming into effect without the Canadian and indigenous nations consent.
16. Suspend the representative and proportional democracy political elections.
17. Suspend all agreements to the United Nations conventions not agreed upon by the Canadian people.

**Whereas;** The "Queen in right of Canada and The Queen in right of the province" and the Crown being a concept that includes the Crown of Canada and each province, the Corporation sole and all its financial, natural and human resources it encompasses belonging to the Canadian citizens as the legitimate sovereigns of the Crown of Canada and being the official co-owners and shareholders, each holding a one vote right to unlimited final decision making authority on all aspects of Canadian governance, international levels of association and politics and ultimately, possessing veto power over its institutions and constitution .

**Whereas;** Acts of treason have and are being committed against the Crown and the Queen being the Canadian citizens and its Crown corporation of Canada by initiating laws that affect the Canadian citizens sovereign economy and stability and to further abdicating its duty to govern and duty to its constituents through initialisation of privatisation of; their public assets, the public private partnership participating in and advancing global governance and accepting international laws and standards of international organizations such as the International Labour Organisation (ILO), the world trade organization (WTO) and the United Nations Migration Compact without the Canadian citizens and indigenous nations consent.

**Whereas;** The Canadian Government has undeniably committed treason against the Queen (the Canadian Citizens) in right of Canada and the provinces and territories and jeopardized the Canadian peoples' sovereign rights by having oppressed and placed the Canadian citizens and indigenous nations as minority shareholders through the privatization of our public assets, the installation of the Public Private Partnerships (PPP's), the sharing of our private information to private corporations, subjecting the Canadian citizens and indigenous nations to a forced globalisation through international laws and agreements without the Canadian citizens and indigenous nations majority consensus.

**Therefore;** this moratorium is to also suspend "final decision making authority" in all levels of Canadian governments and management including within the management of our treasury, public assets and natural and human resources that may infringe upon and affect the sovereign rights and unlimited participation of all Canadian citizens as holding the final decision making authority and their majority veto power rights through all aspects of Canadian governance to ensure that the Canadian Peoples sovereign economy is no longer transferred and turned over to an international economic sovereignty including its effects to our shared corporation sole without having received the explicit approval of the Canadian peoples and Indigenous nations through majority consensus.

The purpose of this moratorium is to immediately and indefinitely suspend final decision making authority in all levels of Canadian federal, provincial, municipal and band council governance by official co-owners and shareholders of the Crown of Canada until referendums can be established in all Canadian, provincial, municipal and indigenous nations territories to rightfully establish rights of one share voter rights of each Canadian citizen and indigenous nations to final decision making authority to all aspects of Canadian or indigenous nations governance issues within each of our internal governances upon receipt of this

moratorium.

**Therefore;** we can finally instill through our democratic one vote share rights, a true collaborative and liquid direct democracy system of governance for all Canadian citizens and to our fiduciary duty to indigenous nations to reinstate their direct democracy traditional governance within their immediate territories.

**Whereas;** as the official co-owners shareholders have the right and authority to command the prorogation of our current governments and all within or to simply remove final decision making authority while we as a people through the use of our established governance departments and assets, implement a true direct democracy system with a one hundred percent VETO power as the official final decision makers above and within all levels of Canadian governance, asserts and natural and human resources .

**Therefore;** as the official co-owners shareholders, the Canadian people have the right to question, demand and suspend the activities of the elected federal , provincial municipal and band council governments, the courts, the Governor General and Lieutenant governors, the privy council, our treasuries, the boards of directors of our public assets and public and government accounts, public and private partnerships (PPP's).

**Whereas;** as the official co-owners shareholders of the Crown hold the right to final decision making authority for our country and our responsibilities as such to ensure the health, safety and sovereignty of all Canadians above its institutions and constitutions and international law not adopted by the official holders of the Crown of Canada.

**Whereas;** the Canadian citizens are the owners, shareholders of the Crown of Canada and within each of our respected provinces. Canadian citizens have the right to unlimited participation in the decision making process of our governance, our constitution and its laws and to accept or refuse international laws or convention agreements or concordats at their discretion as the final decision makers and the solemn duty to honor treaty rights and their jurisdictions and to our moral and legal fiduciary duty to them within Canada and the provinces.

**Whereas;** the political rights of self-governance and self-determination regarding our political system, belongs to "we the people" as the official sovereigns; co-owners and shareholders of the Crown of Canada. Thus making the citizens, the official Crown holders as a whole through majority and further having unlimited jurisdictions as "nothing in law supersedes the will of the people".

**Whereas;** the term "Queen in right of Canada" and the Queen in right of the province therefore needs to be immediately replaced with the term "the people".

**Therefore;** the Canadian constitution including both parts of the written and unwritten constitution are both de facto given that the Canadian people have never had national or provincial referendums on choosing the type of political system and laws that reflect the will of the people ourselves nor protects we the people from corruption and destruction of our unlimited rights by elected representatives in a de facto false democratic system of governance and to have subjugated the Canadian citizens and the interests of the indigenous nations whom we owe fiduciary duty too without receiving either of our consent to a globalised economic system controlled by corporate international law thus silently destroying our Canadian and provincial sovereignty and ultimately endangering by evaporating our economic sovereignty and our public assets including our natural resources and jurisdictions with both the rights of the indigenous nations and

Canadian citizens.

We trust that this will be seamlessly implemented by the Governor general and all levels of Canadian Governance as indicated by the Canadian Peoples' Union as representing the Canadian citizens as the co-owners and shareholders of the Crown of Canada to WHOM they serve and not the government itself or a de facto constitution which receives its authority by its employers the Canadian citizens.

We look forward to hearing from you within 15 days of receipt of this moratorium.

Without prejudice
